Kaari - Art Exhibition

Kaari, in Sanskrit, means "Artist". KAARI is an Annual Art Exhibition in which students are encouraged to display their talent and demonstrate their position and capabilities as young and emerging artists and visual communicators of India. Our vision behind Kaari is to give our visitors an insight into the minds of young creative artists, their interesting thought processes and equally interesting outcomes. Kaari is a great opportunity to appreciate new talent and offers a great arena for students to explore their ideas that have emerged through re-visiting our traditional and cultural practices, from investigating contemporary thinking on paintings and designs and from more open, speculative, imaginative and artistic visions of the future.
